

# SDT Series

## Single Drop Cable Trimmers

The lightweight SDT Series is the ideal tool for rapid, one-step cable preparation in all compatible cable constructions according to SCTE & Bellcore specifications. Every SDT includes two superior steel blade cassettes that will perform over 3,500 preparations each with regular use.

### Features

- Unique cassette ejector provides quick replacement of easily identifiable, color-coded blade cassettes.
- Durable, impact resistant & lightweight polymer construction.
- Ergonomic & compact design for easy handling.
- No adjustments or additional tools required.

SDT 596-250

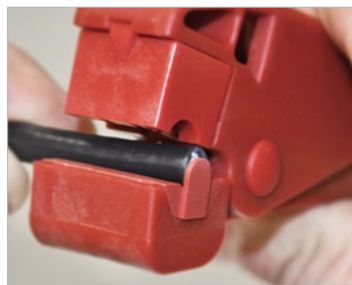

SDT 11-250

### Compatibility

MODEL	PART #	DROP CABLE SERIES				BUILT-IN STRIP STOP	REPLACEMENT BLADE CASSETTES	BLADE CASSETTE PART #
		59 / 6 TRI & QUAD	7 TRI	11 TRI	N48			
SDT 596-250	36700	•			•	-	RC 596-250 (Red)	35241
SDT 596-250SS	36700-1	•			•	✓	RC 596-250 (Red)	35241
SDT 11-250	36702			•		-	RC 11-250 (Black)	35243
SDT-TXFF-250	37460	<i>Designed for Specialty Drop Cable Applications</i>				-	N/A	N/A

Ergonomic tool body is designed for comfort & easy operation.

SDT 596-250SS features an integrated strip stop to prevent further shaving.

High quality steel blade cassettes remain sharp after 3,500 uses.

Quickly identify different tools by body & blade cassette color.

# Make Cable Preparation Easier

With Additional Ripley® Products

## DDT

### Dual Drop Cable Trimmers

- Combination tool allows cable preparation of 59, 6, N48 & 11 coax cable (std, tri and quad) without need to change out blade cassette
- One step preparation exposes center conductor by 5/16" & removes 1/4" length of jacket
- Built-in polymer braid brush & strip stop

See full line catalog or visit [www.ripley-tools.com](http://www.ripley-tools.com) for more information.

## LDT & LDT Mini

### Lightweight Drop Cable Trimmers

- Lightweight and compact design prepares 59, 6 & N48 cable without adjustment or blade cassette changeout
- One step preparation exposes center conductor by 5/16" & removes 1/4" length of jacket
- Built-in polymer braid brush & strip stop

See full line catalog or visit [www.ripley-tools.com](http://www.ripley-tools.com) for more information.

## UDT

### Universal Drop Cable Trimmer

- Prepares 59, 6, N48, 7 & 11 drop cable (std, tri & quad) per SCTE & Bellcore specifications
- One step preparation exposes center conductor & removes the jacket
- Built-in strip stop & cassette storage compartment
- Interchangeable and color-coded blade cassettes

See full line catalog or visit [www.ripley-tools.com](http://www.ripley-tools.com) for more information.

## CCS-22

### Cable Cutter

- Designed to cut through copper-cladded steel conductors
- Ideal for cutting 59, 6, 7 & 11 series coax cables, as well as N48, 5C & 9 coax cables
- Compatible with cables up to 0.4" (10.16 mm) O.D.

Part Number: 39930
