

# CC 200 EUR

## Center Conductor Scraper

**Warning! This tool should not be used on live electrical circuits. It is not protected against electrical shock!** Always use OSHA/ANSI or other industry approved eye protection when using tools. This tool is not to be used for purposes other than intended. Read carefully and understand instructions before using this tool.

### CC 200 EUR OPERATING INSTRUCTIONS

Place the CC-200 EUR onto the center conductor. Clamp down and scrape off the dielectric by pulling the tool towards the end of the cable.

Continue scraping while at the same time maintaining a “clamp down and pulling” motion. This procedure will insure that you are removing all of the dielectric from the center conductor in five or six quick pulls. The dielectric will “scrape” off the center conductor without damaging it.

Replacement Blade Kit – P/N 42003

CC 200 EUR

Warranty: RIPLEY warrants its products against defective materials and workmanship for a period of one year from date of shipment from the RIPLEY factory provided the product is utilized in accordance with instructions and specified ratings.
